Dears Editors,

We are submitting to Oecologia Australis an article entitled “**Environmental determinants of diversification of New World marsupials (Didelphimorphia: Didelphidae)**” from Marcos S. L. Figueiredo, and Carlos Eduardo V. Grelle, for the special volume "Macroecology and Geographical Ecology".

This an original article and the authors agree with the article publication. This manuscript has been submitted exclusively to Oecologia Australis. We suggest as referees:

Matheus Souza Lima-Ribeiro – UFG – mslima.ribeiro@gmail.com

Diego Astúa – UFPE - d.a.moraes@gmail.com

Leonora Pires Costa – UFES – leonoracosta@yahoo.com

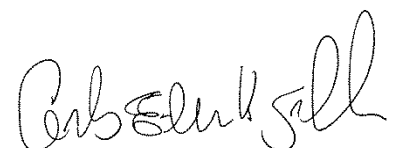

José Alexandre Diniz-Filho – UFG – jafdinizfilho@gmail.com

Susanne Fritz – Goethe University Frankfurt - susanne.fritz@senckenberg.de

Thank you very much in advance and best regards,

Marcos de S. L. Figueiredo

Carlos Eduardo V. Grelle
