Dear members of the editorial board,

Please find attached a copy of our manuscript entitled “**First record of *Uroderma magnirostrum* Davis, 1968 (Chiroptera: Phyllostomidae), in the Pernambuco Endemism Center, Northeastern Atlantic Forest of Brazil**”, which we hope you will consider for publication in *Oecologia Australis* as a **short communication**.

All authors declare that have seen and approved the submitted manuscript. This manuscript represents original research and has neither been published previously nor is currently being considered for publication elsewhere.

I will be the author to whom all further correspondence should be addressed.

Sincerely,

Hannah Larissa de J. B. Nunes
