

UNIVERSIDADE FEDERAL DO RIO DE JANEIRO
DEPARTAMENTO DE ECOLOGIA

Dears Editors,

We are submitting to *Oecologia Australis* an article entitled "Frugivory vs. insectivory in Neotropical marsupials: trade-offs in the use of vertical strata of tropical forests." from Ricardo Finotti and Marcus V. Vieira, for the special volume "*Macroecology and Geographical Ecology*".

This an original article and the authors agree with the article publication. This manuscript has been submitted exclusively to *Oecologia Australis*.

We suggest as referees:

Dr. Emerson Monteiro Vieira, UnB, Depto. Ecologia, emerson.emv@gmail.com

Dr. Yuri Leite, UFES, Departamento de Ciências Biológicas, yuri_leite@yahoo.com.

Dr. Diego Astúa de Moraes, UFPE, Depto. Zoologia, d.a.moraes@gmail.com

Dra. Ricardo Santori, FFP-UERJ, Depto. de Ciências, rsantori.uerj@gmail.com

Ana Claudia Delciellos, Pós-doc PPGE-UFRJ, anadelciellos@yahoo.com.br

Sincerely,

Marcus Vinícius Vieira

Ricardo Finotti
