**Dr. Prof. Ana Cláudia Delciellos**  
**Oecologia Australis**  
**Editor**

Dear Dr. Delciellos,

We would like to submit the manuscript “NEW PARASITE RECORDS FROM *Kerodon rupestris* (RODENTIA, CAVIIDAE) AN ENDEMIC RODENT SPECIES TO NORTHEASTERN BRAZIL” short communication, as type of contribution. The study focused on the original data, the new parasites records, *Helminthoxys* sp. (Oxyuridae) helminth eggs and a coccidian cyst, on *Kerodon rupestris* the Brazilian endemic rodent.

As potential revisers we suggest the specialists below:

- Eduardo Lopes Torres - Parasitology Department/UERJ - lopestorresej@gmail.com
- Raquel de Oliveira Simões - Animal Physiology Department/UFRRJ - raquel83vet@gmail.com
- Luís Claudio Munis Pereira - Lab. of Helminth Parasites of Vertebrate/IOC/Fiocruz - lmuniz@ioc.fiocruz.br

We hope the manuscript would be considered for review and possible publication.

Sincerely,

Alena Mayo Iñiguez
