

Dear Editorial team of Oecologia Australis,

With this letter please find a manuscript entitled “**Notes on roosting behavior and reproduction of *Myotis albescens* (Chiroptera, Vespertilionidae) in southeastern Brazil**” by Guilherme Siniciato Terra Garbino and co-authors that we submit to your consideration to be published in Oecologia Australis as a **short communication**.

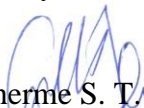

All authors agree to its submission and the Corresponding author has been authorized by co-authors. This Article has not been published before and is not concurrently being considered for publication elsewhere. This Article does not violate any copyright or other personal proprietary right of any person or entity and it contains no abusive, defamatory, obscene or fraudulent statements, nor any other statements that are unlawful in any way. All authors agree that the article will only be published upon payment of the cost of the manuscript.

Given demonstrated extensive experience in mammalogy and particularly with respect to natural history of bats, the following colleagues would be suitable choices for reviewers, for your consideration:

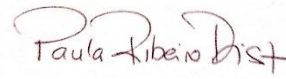

- (1) **María Alejandra Camacho** (Pontificia Universidad Catolica del Ecuador)
