To the Editors at Oecologia Australis

I can confirm that I, Rebecca Nimrah Umeed de Souza, a native English speaker, revised the English of the manuscript entitled, “Natural history of *Thamnodynastes phoenix* Franco, Trevine, Montingelli & Zaher, 2017 (Serpentes: Colubridae: Xenodontinae: Tachymenini): diet and reproduction”, by the authors Maria Eduarda de Araújo Almeida et al.

A handwritten signature in black ink, appearing to read 'R. Souza'.
