

Dear **Oecologia Australis** academic editors,

I, Guilherme Ramos Demetrio, would like to inform that the other authors of the manuscript entitled “**Is the relationship between plant traits and herbivory rates mediated by habitat?**” are aware and agreed with the submission to *Oecologia Australis*, in order to appreciation and possible publication. This manuscript is not published or in evaluation in any other scientific journal.

As possible reviewers we would like to suggest:

Dr. Tatiana Cornelissen – UFSJ: tatiana@ufsj.edu.br

Dr. Frederico Neves – UFMG: fred.neves@gmail.com

Dr. Noemí Mazia – UBA: cmazia@agro.uba.ar

Dr. Maria Rosângela Sigrist – UFMS: sigristster@gmail.com

Dr. Kleber Del Claro – UFU: delclaro@ufu.br

You will find all the signatures in order to verify their accordance with the submission below.

Guilherme Ramos Demetrio

Nelson Henrique de Almeida Curi

Ernesto de Oliveira Canedo Júnior

Kira Malves

Lucas Del Bianco Faria
