

## CAMINHAR E LUTAR

Walking and fight

Caminar y luchar

*"A pessoa conscientizada tem uma compreensão diferente da história e de seu papel nela. Recusa acomodar-se, mobiliza-se, organiza-se para mudar o mundo."*

Paulo Freire. "Cartas à Cristina" (1994).

Foi – É - com grande satisfação que recebi o convite para escrever esse editorial com minha percepção acerca da representação política na Terapia Ocupacional, tendo em vista os espaços nos quais estou inserida, principalmente representando a Associação Brasileira dos Terapeutas Ocupacionais – ABRATO.

Para esta discussão, pensei em fazer mais livremente um relato de experiência com análise crítica, baseada em minha atuação, e no que vejo, sinto e penso acerca da ocupação dos espaços, em suas perspectivas e desafios.

### **Priscilla Viégas Barreto de Oliveira**

Terapeuta ocupacional. Universidade Federal de Pernambuco, UFPE. Diretora Financeira da Associação dos Terapeutas Ocupacionais do Brasil—ABRATO e Conselheira Nacional de Saúde. [prisviegasbo@gmail.com](mailto:prisviegasbo@gmail.com)
